PLEASE PROVIDE THE FOLLOWING DOCUMENTS AND/OR DETAILS (AS APPLIES):

Applicant shall submit three (3) sets of all required plans, specifications and reports prepared & signed by a Civil Engineer, Soils Engineer, Engineering Geologist, and/or Landscape Architect (where applicable), and which shall contain the following details:

- | | |
|--|---|
| <input type="checkbox"/> Vicinity map show the site location | <input type="checkbox"/> Temporary construction entrance & exit plan |
| <input type="checkbox"/> Property lines, dimensions, & bearing of property | <input type="checkbox"/> Signed, written authorization from property owner giving applicant permission to access the property & perform the proposed work |
| <input type="checkbox"/> Location of existing buildings or structures on property & adjacent property within 50ft of boundary | <input type="checkbox"/> Erosion/Sediment Control Plan |
| <input type="checkbox"/> Location of landmark trees | <input type="checkbox"/> Revegetation Plan |
| <input type="checkbox"/> Grading Plan to include accurate topography showing contours of the existing & proposed ground elevations | <input type="checkbox"/> Soils Report, complete with a certification of the quantity & type of material of proposed excavation/fill |
| <input type="checkbox"/> Elevations, dimensions, locations, extent, & slopes of all proposed land disturbance activities shown by contours | <input type="checkbox"/> Geological Report, if required by City Engineer |
| <input type="checkbox"/> Detailed plans of all drainage devices, walls, cribbing, dams, or other protective devices to be constructed with or as a part of the proposed work | <input type="checkbox"/> Fugitive Dust Control Permit from State DEQ Division |
| | <input type="checkbox"/> SWPPP & NOI from State DEQ Division (if over 1 acre) |

CONDITIONS OF APPROVAL

Applicant shall enter into a Restoration & Revegetation Agreement, & a security of performance shall be provided per DCMC 18-4. Applicant shall be responsive to adjacent property owners & will address all concerns expressed in a timely manner. Applicant shall apply appropriate tackifier to dirt stockpile as requested by Engineer. Applicant shall backfill all open trenches and/or pits within 24 hours. Applicant shall maintain all erosion control measures.

Applicant is required to consult utility companies operating in this area before excavation. In granting this permit, Draper City makes no representation as to the location of utility facilities in the area to be excavated for the affect of the permitted excavation on said utilities.

In consideration for the granting of a Land Disturbance Permit by Draper City, the above-named applicant hereby promises (1) to perform the excavation applied for in a professional manner and in conformity with ordinances of Draper City and (2) to save harmless Draper City, its officers, agents, employees or servant from any and all costs, damages and liabilities that which may accrue or be claimed to accrue by reason of any work performed under a permit issued pursuant to this application.
